

Please Don't Throw Away This Packing Material

It Can Be *Reused or Recycled*

Dear Customer:

We appreciate your order. It has been packed with care in a lightweight loose fill that provides excellent protection for fragile items. At Crate and Barrel we care that your purchase arrives safely.

But perhaps you didn't know that we are just as concerned about doing things in a way that is good for our environment. That's why we've packed your order in Flo-Pak® loose fill, made from 100% *recycled* polystyrene.

We encourage you to save this Flo-Pak loose fill for your own future shipping or storage needs. You can also drop it off at one of the thousands of Peanut Hotline collection locations around the country that accept loose fill for reuse.

**Call 1-800-828-2214 for
the nearest Peanut Hotline
Collection Site.**

Thank you for shopping with Crate and Barrel.
